"I do not know. The matter of strik-"
"I have no doubt that any such recommendation about them."

"I have no doubt that any such recommendations made by the board after a more destroined by the board after a more destroined. At that hour an Evening World re-

'I do not know. The matter of strik-'I do not know. The matter of striking is now in the hands of D. A. 246 at
Albany. It is probable that the strike
will be extended, as there are still a good
many men employed on the road who
have not yet been called out, but it is a
have not yet been called out, but it is a have not yet been called out, but it is a

to call out certain men at points along the

West Albany, and our visit to the latter place further convinced us of that fact."

Mr. Hayes said further that the State Board of Arbitration could settle the trouble if they so desired.

"We are still hoping," he added, "that that body will step in to-morrow and show up things by an investigation."

The headquarters of General hoster Workman Powderly and Secretary Hayes will continue to be at the St. Cloud Hotel. Instructions to the various knights along the line will be issued from there, and the progress of the struggle will be officially almounced by Secretary Hayes from time to time.

to call men out at those points where it could do us no good.

DECIDED TO CALL MORE OUT.

"The question of calling out more men came up at the meeting at Albany day before yesterday, and it was then decided to call out certain men at points along the

FOR A LAW AGAINST PINKESTONS.

to eall out certain men at points along the line of the road."

In regard to the State Board of Arbitration, Mr. Powderly said:

"I believe that the present issue should be made a test case by the State Board. This matter is one of great moment and the members of the Board are not entitled to take a vacation at such a time.

"It should claim their attention to such an extent as to cause them to lay aside all personal arrangements and take up the investigation immediately.

"I don't know what their usinge is, but the citizens of this State should know what they are paying \$15,000 a year for. If it is shown that the Board of Arbitration is useless it would be better that the istance of the state of the state of the state of Arbitration is useless it would be better that the istance of the state of the citizens of them. When it comes to a test, and it is possible that this Board is one of them. When it comes to a test, and it is found that such bodies are of no use except to the men bolding the positions, they should be abolished at once.

"I still hope that the Board will invested they possess on this interests of the commissioners of the State Board to except to the men bolding the positions, they should be abolished at once.

"I still hope that the Board will invested they possess on this interests of the commissioners of the State Board to except to the men bolding the positions, they should be abolished at once.

"I still hope that the Board will invested they possess on this interests of the commissioners of the State Board to except to the positions.

"Then you do not look favorably on the employment of Pinkerton detectives to by the Central?"

"Most certainly I do not. I am in favor of the passage of a bill that has been introduced in successive Legislatures for several years that problibits the employment of Pinkerton detectives to by the Central?"

"Most certainly I do not. I am in favor of the passage of a bill that has been introduced in successive Legislatures for several years that problibits the emp

BEATTIE'S NEW SCHEME.

And Likely to End in Smoke Like All the Others.

BEATTIE HAS A NEW HOBBY, FAVORITES ARE NOT IN IT.

Takes Up Garbage Cremation.

Deprived of his steam fire-engine Streetviewed in all its phases by Commissioner The weather, however, to-day was clear, Coleman and put aside as too expensive for but the attendance was light and the racing

bage is disposed of by incineration, in the company of President Wilson, of the Health Board, to study the system with a view to

sioner Coleman two or three years ago he
is tudied it very thoroughly.
He discovered that it was in use in London, Leeds, Manchester, and other English
cities, as well as Minneapolis and a few
i other cities in the United States. Nowhere,
however, was it the sole method of disposition, but was always used as an auxilliary
fail unce to the old methods.
The reason for this was that the cities
manned had no place for the disposition of
garbage such as existed in New York, where
it is dumped at son.
In Minneapolis the capacity of the furnaces is so limited that 2,500 tons of refuse
is disposed of in the old way by dumping
into the river.

word in possibility in some districts of the city.

Were it possible to have the garbage carefully separated from ashes, old late. I don't be required two trips over the same territory to collect all the refuse and the expenses of the because would be required two trips over the same territory.

Mr. Beattle says that he can clear the streats if he is considered doubtful if the Beard of Estimate and Apportionment will give him enough to carry on all the experiments he would like to in the street-eleaning line.

Purse #350: 20 ib, above the scala; five furious.

TWO MEN KILLED.

A Locomotive Boiler Explodes at Mansfield. O.

Engineer and Fireman Fearfully Mangled and Scalded.

Fifteen Oil-Cars Burned in the Wreck.

IPPECIAL TO THE EVENING WORLD! MANSPIELD, O., Aug. 27. — A terrible catastrophe occurred on the New York, Pennsylvania and Ohio road, six miles east of this city, at 3 o'clock this morning.

A freight train consisting mainly of oil

cars was running under a fair head of steam, when the locomotive builer exploded with a terrific crash that was heard quite : Engineer Albert Graham, of Gallon, and his fireman. Joseph Mutphy, were instantly killed, their bodies being frightfully man-

gled and scalded with the hot steam. The angine tire was scattered in all direc tions by the explosion, and one of the oil The wreck of the engine left the other cars at the mercy of the flames, as they could not be detached and moved to asfely, and the flames jumped from one car to the

other until fifteen were on fire, the blaze lighting up the surrounding country. The brakemen worked with a will and suc ceeded in saving the other cars from de-

struction.

A relief engine was sont from this city and the cars and bodies of the dead engineer and fireman were removed to this city. An investigation is being made to learn what caused the poiler to explode.

What the explosion occurred Frank Con-

don, the head brakeman, was thrown from the train to a distance of seventy-five feet. He escaped with but a few injuries.

Passenger trains are being sent around the wreck via the Pennsylvania road to Orrville, via the Cleveland, Adron and Columbus road to Akron. The loss to the Hatlroad Company will probably reach \$25,000. Graham, the dead engineer, leaves a fam-

ily, but Murphy was a singleman. SMASH-UP AT FAIRPORT.

Two Sections of a Freight Train

Collide-Two Men Hurt. INVESTAL TO THE EVENING WORLD ! Hossisten, N. Y., Aug. 27,—Shortly after midnight this morning a heavy freight train on the New York Central and Hudson River Railroad broke in two near Pairport. The two sections came together with a terrific crash, throwing the cars into a heap over the four tracks and blocking traffic

ompletely.

Engineer Huck and Fireman Long, both of this city, were seriously injured and are not expected to live.

WERE THEY CITY MARSHALS?
